

DO **YOU** HAVE
THE RIGHT TOOLS
FOR ACCURATE DOSING?

C-MIX

Central dosing system for
automatic dosing of powder detergents

DOSES POWDER DETERGENTS ACCURATELY

ALLOWS HIGH EFFICIENCY AND PRODUCTIVITY

INCLUDES A STRAIGHTFORWARD DISPLAY
FOR EASY IN- AND OUTPUT

The **C-Mix** powder dosing system ensures a steady flow of dosing of powder detergents thanks to the unique design of the screw.

EXACT POWDER DOSING

- Dosing based on **signal time**
- Accuracy given by a very **constant and stable flow**
- Stable flow is achieved thanks to the specific **design and adapted material of the screw**

➡ **Safe, compact & clean**

HIGH EFFICIENCY & PRODUCTIVITY

C-Mix is a central dosing system that can dose several wash extractors and/or tunnel washers at the same time, allowing maximum efficiency and productivity.

- Dosing up to **8 machines** : usually 1 dosing tube per WE, 2 dosing tubes per tunnel washer
- **Variable** dosing speed
- **Queuing** of all dosing signals
- **Speed flush technology** : allowing next dosing to start while previous rinse is ongoing

USER-FRIENDLY SYSTEM

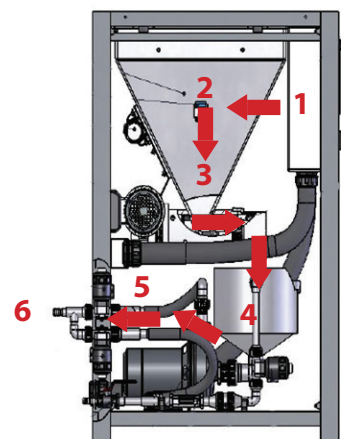

- Easy **control of in- and output** on B&R display
- **Straightforward interface** for alarms and parameters
- **Minimal maintenance** thanks to robust and long-lasting design

APPLICATION

Type of laundries	Midsize & large
Configuration	Central
Machines (max 8)	Tunnel washers and wash extractors
Products:	
- Powder detergents	Majestic-range, Prolong Powder, Record special, Colorguard
- Starch	Only rice-based starch (Osmafin Gold)

WORKING PRINCIPLE

1. **C-Mix** receives dosing signal from washing machine
2. **C-Mix** doses
3. Screw turns and gets powder out of storage vessel
4. Into the mixing bowl
5. And is distributed via a pump
6. Flush with fresh water

TECHNICAL DATA

Height (mm) :	H1220
Width (mm) :	W720
Depth (mm):	D 820
Weight (kg) :	125 kg (empty)

Main components :

- Hopper :	for up to 50kg of powder detergent
- PLC with B&R display :	registration of weights, timings, alarms
- Dosing point tubes :	8

Optional : big bag support

BENEFITS

- + Exact powder dosing
- + High efficiency and productivity
- + User-friendly system
